Resources and Equipment

The physical resources required for assessment of this competency requires access to:-

- - a horse for personal use
- - a suitable location with controlled conditions
- - horses in a recreational or training program, housed in an appropriate private or commercial establishment
- - horses which are quiet and reasonable tractable

The human resources which assess this unit of competency will require to be consistent with those outlined in the Supervisors/Assessors form and terms and conditions.

This is the practical assessment component for 2.H.01 Identification. It consists of three types of assessment Self, Peer and Trainer/Assessor.
The self assessment section is to be filled out by the student.

Peer assessors can be anyone with relevant horse experience (i.e. local riding club member, horse riding friend) and don't require to be registered with us.

Trainer assessors must be registered and approved with OnlineHorseCollege.com, you can find more information at the following link:-
http://www.OnlineHorseCollege.com/education/Info/AssessorTermsConditions.php
There are two trainer assessments. The same trainer can perform both assessments or two different trainers may be used. Alternatively you can submit a video for assessment, you will find information at http://www.OnlineHorseCollege.com/education/Info/SubmitVideo.php.

Information regarding Recognition of Prior Learning (RPL) can be found at:-

Notes for Assessors

Assessors must be approved and issued with an 'Assessor Number' prior to assessment.
Assessors must only assess in the areas they have been approved for in writing
(Peer assessment is a continuation of self-assessment, and peer assessors are not required
to be registered or approved by OnlineHorseCollege.com)

OnlineHorseCollege.com provides training in the horse industry and all training and
assessment is to be done in the horse industry environment. Skills should be assessed in
line with a professional working in the horse industry. During assessment the student should
reflect this in their behaviour

The 2.H.01 assessments should reflect an employee working as a strapper or stable hand in
an equine environment.

When competent, they will have the skills and knowledge to identify and safely catch,
manage and handle horses for the purposes of transportation, training and racing or
recreational use in the work environments of stables, paddock, yards, race-courses (where
applicable) and in public areas.

If you have any questions either before, during or after the assessment process please
