- Identify and catch, control and lead a horse
- Assist with the transportation of horses

Further information about this assessment is available at www.training.gov.au

2.H.02 Handling Assessment Information (cont.)

Resources and Equipment

The physical resources required for assessment of this competency requires access to:-

- a horse for personal use
- a suitable location with controlled conditions
- horses in a recreational or training program, housed in an appropriate private or commercial establishment
- horses which are quiet and reasonable tractable

The human resources which assess this unit of competency will require to be consistent with those outlined in the Supervisors/Assessors form and terms and conditions.

This is the practical assessment component for 2.H.02 Handling. It consists of three types of assessment Self, Peer and Trainer/Assessor.

The self assessment section is to be filled out by the student.

Peer assessors can be anyone with relevant horse experience (i.e. local riding club member, horse riding friend) and don't require to be registered with us.

Trainer assessors must be registered and approved with OnlineHorseCollege.com, you can find more information at the following link:-

<http://www.OnlineHorseCollege.com/education/Info/AssessorTermsConditions.php>

There are two trainer assessments. The same trainer can perform both assessments or two different trainers may be used. Alternatively you can submit a video for assessment, you will find information at <http://www.OnlineHorseCollege.com/education/Info/SubmitVideo.php>.

Information regarding Recognition of Prior Learning (RPL) can be found at:-

<http://www.OnlineHorseCollege.com/education/Info/RPLPracticalAssessments.html>

2.H.02 Handling Assessment

Practical Assessment (page 1 of 3)

2.H.02-Handling

Safely approach, catch, handle, lead and control horses?

Tie a horse up using a quick release knot?

During this activity did you/the trainee:-

- Use a halter and lead which was fitted and adjusted to the horse with all buckles /knots secured and strap ends through the keepers?
- Tie the horse to a piece of baling twine that was attached to a post?
- Tie the horse up short enough that it couldn't become entangled in the lead?
- Follow instructions or recognized procedure?
- Handle the horses in a manner appropriate to the situation/environment?
- Handle a range of horses in a variety of environments?
- Gather information about horses prior to approaching?
- Consider social behaviour and vices of horses to anticipate behaviour including senses, communication traits and behaviour patterns of horses while handling?
- Wear safe attire appropriate for handling horses (including enclosed footwear and sun protection)?

Notes for Assessors

Assessors must be approved and issued with an 'Assessor Number' prior to assessment. Assessors must only assess in the areas they have been approved for in writing (Peer assessment is a continuation of self-assessment, and peer assessors are not required to be registered or approved by OnlineHorseCollege.com)

OnlineHorseCollege.com provides training in the horse industry and all training and assessment is to be done in the horse industry environment. Skills should be assessed in line with a professional working in the horse industry. During assessment the student should reflect this in their behaviour

The 2.H.02 assessments should reflect an employee working as a strapper or stable hand in an equine environment.

When competent, they will have the skills and knowledge to identify and safely catch, manage and handle horses for the purposes of transportation, training and racing or recreational use in the work environments of stables, paddock, yards, race-courses (where applicable) and in public areas.

If you have any questions either before, during or after the assessment process please contact me any time on 0438 549 577 or email me on Glenys@OnlineHorseCollege.com
