### **Resources and Equipment**

The physical resources required for assessment of this competency requires access to:-

- a horse for personal use
- a suitable location with controlled conditions
- horses in a recreational or training program, housed in an appropriate private or commercial establishment
- horses which are quiet and reasonable tractable

The human resources which assess this unit of competency will require to be consistent with those outlined in the Supervisors/Assessors form and terms and conditions.

This is the practical assessment component for 3.H.08 Horse First Aid. It consists of three types of assessment Self, Peer and Trainer/Assessor.

The self assessment section is to be filled out by the student.

Peer assessors can be anyone with relevant horse experience (i.e. local riding club member, horse riding friend) and don't require to be registered with us.

Trainer assessors must be registered and approved with OnlineHorseCollege.com, you can find more information at the following link:-

<http://www.OnlineHorseCollege.com/education/Info/AssessorTermsConditions.php>

There are two trainer assessments. The same trainer can perform both assessments or two different trainers may be used. Alternatively you can submit a video for assessment, you will find information at <http://www.OnlineHorseCollege.com/education/Info/SubmitVideo.php>.

## Notes for Assessors

Assessors must be approved and issued with an 'Assessor Number' prior to assessment. Assessors must only assess in the areas they have been approved for in writing (Peer assessment is a continuation of self-assessment, and peer assessors are not required to be registered or approved by OnlineHorseCollege.com)

OnlineHorseCollege.com provides training in the horse industry and all training and assessment is to be done in the horse industry environment. Skills should be assessed in line with a professional working in the horse industry. During assessment the student should reflect this in their behaviour

The 3.H.08 Horse First Aid assessments should reflect an employee working as a strapper or stable hand in an equine environment.

When competent, they will have the skills and knowledge to safely provide horses with comfortable and clean housing, preparing them for work, groom horses and cleaning working gear when work is finished. Stable routines will be completed efficiently, daily horse maintenance will be completed, horses will be correctly selected for a range of purposes, and horses will be groomed or rugged as required by the organisation.

If you have any questions either before, during or after the assessment process please contact me any time on 0438 549 577 or email me on [Glenys@OnlineHorseCollege.com](mailto:Glenys@OnlineHorseCollege.com)
