Resources and Equipment

The physical resources required for assessment of this competency requires access to:-

- a horse for personal use
- a suitable location with controlled conditions
- horses in a recreational or training program, housed in an appropriate private or commercial establishment
- horses which are quiet and reasonable tractable

The human resources which assess this unit of competency will require to be consistent with those outlined in the Supervisors/Assessors form and terms and conditions.

This is the practical assessment component for 3.R.21 Prepare for Lunging.

It consists of three types of assessment Self, Peer and Trainer/Assessor.

The self assessment section is to be filled out by the student.

Peer assessors can be anyone with relevant horse experience (i.e. local riding club member, horse riding friend) and don't require to be registered with us.

Trainer assessors must be registered and approved with OnlineHorseCollege.com, you can find more information at the following link:-

<http://www.OnlineHorseCollege.com/education/Info/AssessorTermsConditions.php>

There are two trainer assessments. The same trainer can perform both assessments or two different trainers may be used. Alternatively you can submit a video for assessment, you will find information at <http://www.OnlineHorseCollege.com/education/Info/SubmitVideo.php>.

Information regarding Recognition of Prior Learning (RPL) can be found at:-

3.R.21 – Prepare for Lunging

Can you prepare a horse for lunging and demonstrate fitting and adjusting:-

- cavesson?
- roller?
- side reins to a roller?
- side reins to a saddle?

During this practical activities do you:-

- Groom the horse including picking out hooves before fitting gear and equipment?
- Adjust the cavesson to fit firmly enough so that it will not twist when the horse is lunged?
- Select equipment appropriate to the size and training of the horse?
- Attach the lunge rein before attaching side reins?
- Secure the reins of the bridle in a fashion which will prevent them from becoming loose while lunging?
- Attach the outside side rein before attaching the inside?
- Give consideration to the horses' current level of education/training when determining the length of the side reins?

Notes for Assessors

Assessors must be approved and issued with an 'Assessor Number' prior to assessment. Assessors must only assess in the areas they have been approved for in writing (Peer assessment is a continuation of self-assessment, and peer assessors are not required to be registered or approved by OnlineHorseCollege.com)

OnlineHorseCollege.com provides training in the horse industry and all training and assessment is to be done in the horse industry environment. Skills should be assessed in line with a professional working in the horse industry. During assessment the student should reflect this in their behaviour

The 3.R.21 Prepare for Lunging assessments should reflect a horse industry employee who rides horses as part of their employment. This does not include any type of specialist riding, including dressage, jumping, western or performance riding.

When competent, they should have the knowledge and skill to participate in horse riding activities in controlled conditions under supervision.

If you have any questions either before, during or after the assessment process please contact me any time on 0438 549 577 or email me on Glenys@OnlineHorseCollege.com
